

Professional scrubber-dryer robot with optional docking station and app control

RA660 Navi XL

The Future of autonomous industrial and commercial floor cleaning – The latest generation of the autonomous industrial cleaning robot RA660 Navi is now even more intelligent and better connected than ever before. XL does not only mean a larger tank and higher cleaning performance, but also numerous new innovations and features. The RA660 Navi XL is our most advanced autonomous cleaning robot and combines years of experience with the latest connectivity.

The XL is especially designed for large areas, such as warehouses, train stations, shopping malls, airports, large public institutions, and many more. If needed 24/7 and of course completely autonomous, with the new optional docking station (Cleanfix Charging Assistant).

RA660 Navi XL

The RA660 Navi XL is equipped with the latest technology available for the proven RA660 Navi platform.

It is perfect for all applications where cleanliness and hygiene are of utmost importance. Equipped with an intelligent cleaning algorithm, three cleaning brushes, and a powerful suction nozzle, the RA660 Navi XL can clean almost any hard surface fully autonomous – even in complex and busy areas. With the newly designed user interface and an

app-based remote control, you have full access to your cleaning assistant, no matter where you are. With the optional docking station, water and energy can be refilled automatically. This enables 24/7 cleaning and makes the robot independent of its tank capacity.

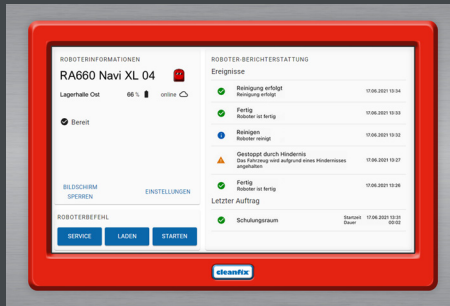

Works perfectly in...

- ✓ Warehouses
- ✓ Industrial Facilities
- ✓ Hospitals
- ✓ Universities
- ✓ Train Stations
- ✓ Event Centers
- ✓ Airports
- ✓ Production Areas
- ✓ Malls
- ✓ Stores

Docking station

Based on the Cleanfix Charging Assistant for automatic energy and water refill.

7-inch touch screen (HMI)

The user-friendly and purpose-designed control unit directly built into the robot.

RA660 Navi Individual

Customize the robot to match it your brand's corporate design.

Specifications

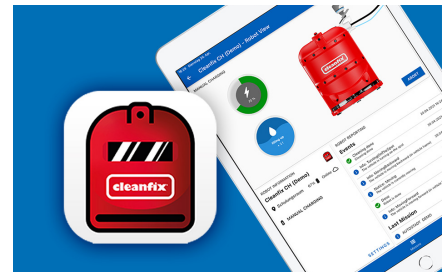

Working width (brushes)	660 mm
Working width (suction nozzle)	850 mm
Dimensions robot (L x W x H)	1'110 x 850 x 1'185 mm
Capacity water tank	110 l
Weight (with water)	313 kg
Cleaning speed	0.6 m/s
Cleaning performance	1'250 m ² /h
Cleaning agent tank	5 l
Recommended use	from 1'000 m ²
Cleaning pattern	systematically
Battery type	Lithium-ion

Battery capacity	120 Ah
Battery life	up to 3.5 h
Battery charging time	40 min (80%) 60 min (100%)
Communication	WiFi, LTE
Machine control	HMI, app, server
Remote access	Yes (via app)
Sensors	Bumper, Ultra-sonic, LiDAR
Navigation system	BlueBotics ANT® lite+
Docking station	optional
Software update	OTA (Over-the-air)

RA660 Mission Control

The control application for all your RA660 Navi robots.

- Setup your robots
- Start, pause, stop and plan your cleaning tasks
- Control the charging process
- Change cleaning modes
- View statistics and reports

Only available in the **Apple App Store**.
